1980 JEEP ACCESSORIES

Genuine Jeep Accessories From Your Jeep Store

We've found that there are as many ways to equip a Jeep® vehicle as there are Jeep vehicle owners. Owners personalize their Jeep CJ, Cherokee, Wagoneer or Pickup to suit their own particular driving needs. As you go through this catalog, you'll see accessories which are designed to make the hours you spend in your vehicle more enjoyable and comfortable...on and off-road.

What's more, the products you see are the *factory-approved* accessories for Jeep vehicles. They are specially engineered to fit correctly, perform properly and give long-lasting satisfaction.

Authentic Jeep Accessories are available only from the Jeep Store...your local Jeep dealer. He wants you to know that when you personalize your vehicle, you deserve his best...genuine Jeep Accessories.

Equipment and features illustrated or described in this catalog are optional at extra cost unless otherwise specified. Certain equipment items may not be available for all models. All information contained herein was obtained from official sources and to the best of our knowledge, was correct at the time of publication. Jeep Corporation reserves the right to revise, modify, discontinue or change specifications on any model, parts or accessories at any time without notice and without incurring any liabilities on its part or that of its dealers to the purchaser.

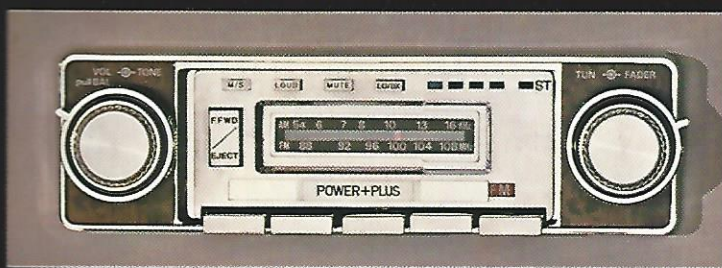

LIMITED WARRANTY—The following limited warranty applies to Jeep Corporation Accessories: Jeep Corporation* warrants to the vehicle owner that for 12 months or 12,000 miles, whichever comes first, (in Canada, 12 months or 12,000 miles/20,000 kilometers, whichever comes first) from the documented date of sale and installation, any authorized Jeep dealer will, at no charge, repair or replace any new Jeep Corporation approved accessories, sold and installed by any authorized Jeep dealer which proves defective in material or workmanship.

Jeep Corporation* warrants to the original retail purchaser that, for 12 months or 12,000 miles, whichever comes first, (in Canada, 12 months or 12,000 miles/20,000 kilometers, whichever comes first) from the documented date of sale, any authorized Jeep dealer will, at no charge other than the cost of removal and installation, repair or replace any new Jeep Corporation approved accessory sold without installation by any authorized Jeep dealer which proves defective in material or workmanship.

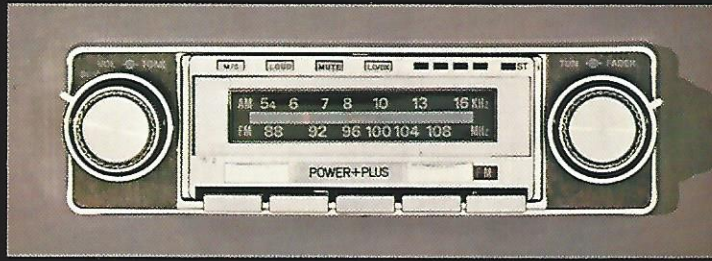

No other express warranty is given or authorized by Jeep Corporation. Jeep Corporation disclaims any implied warranty of merchantability or fitness for any period beyond the express warranty, and shall not be liable for loss of use of vehicle, loss of time, inconvenience, or other incidental or consequential damages. Some states or provinces do not allow limitation or exclusion of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above exclusion and limitation may not apply. This warranty gives specific legal rights, and the retail purchaser or vehicle owner may also have other rights which vary from state to state or province to province.

A

B

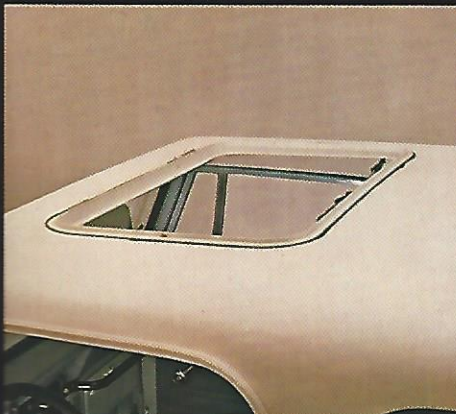

C

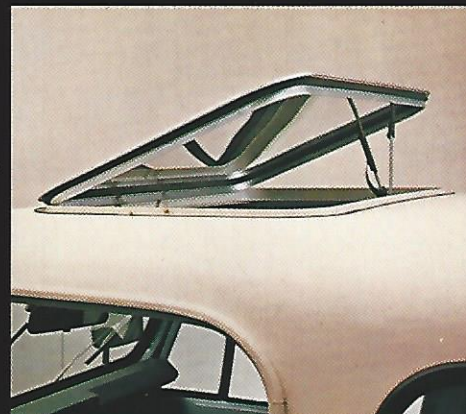

D

E

F

G

A AM/FM MULTIPLEX CASSETTE

Designed specifically for Jeep vehicles. Top quality radio features eject and fast forward locking pushbutton and AM/FM dial in the cassette door. Speakers and hardware kit are required to complete installation.

B AM/FM MULTIPLEX 8-TRACK

Features five pushbutton operation and track indication lamps. AM/FM dial scale in tape door. Available for all Jeep vehicles.

C AM/FM MULTIPLEX 8-TRACK WITH DIGITAL-LED TIME

Digital display in door for minute, hour and AM or FM radio station. Has pushbutton controls for time display, volume, muting, mono/stereo selection and local/distance.

D American Air®

This system for CJ models features high volume discharge ports that are fully adjustable. Designed specifically for CJ models. Under-the-dash unit provides plenty of legroom for both driver and passenger. Heavy-duty cooling system and adapter kit required. Looks like factory air conditioning.

E CUSTOM American Air®

Specifically designed for Jeep Truck, Cherokee and Wagoneer models. Features air volume and temperature controls with fully adjustable louvers for comfort conditioning to suit your taste. Heavy-duty cooling system and adapter kits required. Has the same appearance as factory unit.

F, G SUN ROOF

The ultimate accessory! Available for CJ models with hardtop (shown), and Cherokee, Wagoneer and Pickup. High quality sun roof can be closed, vented or fully removed. The tinted safety glass is framed by corrosion resistant aluminum. Does not restrict headroom.

A ROLL BAR—PICKUP

Mounted behind the Pickup cab, these specially designed 2" outside diameter roll bars are of all electric weld construction. Leaves the cargo bed free for full capacity loads. Available for Jeep Pickups only. (Cannot be used with Truck Rails.)

B ROLL BAR—CJ

Provides protection and a custom touch for any CJ roll bar. Made of thick, molded foam rubber with a tough vinyl cover that zips over the roll bar. Cover is available in black, blue and tan.

ROLL BAR PADDING

CJ Roll Bars are constructed of 2¼" outside diameter, 11-gauge tubular steel with electric feed welds for greater strength and durability. Doesn't interfere with passengers or cargo. Fits CJ models.

SADDLE BAGS

Great for storage and protection of small contents on or off the vehicle. Made of durable vinyl, they snap easily onto the roll bar and provide out-of-the-way stowage with custom good looks. Available in black, white, blue or tan for all CJ models.

C CONSOLE

Designed to fit the floor contours of CJ-5 or CJ-7 models. Easy to install and features a lockable lid and two storage holes on top for cans. Also has a drain tube that carries water through the floor of the vehicle so the console can be used to carry cold beverages.

D DOOR POCKET KIT

Handy stowage area for maps, sunglasses and other small articles. Keeps them out of the way but in an easy-to-get-at place. Fits all CJ models. Available in black only.

E LITTER CONTAINER/TISSUE DISPENSER

Keeps a tissue close by for quick emergencies while driving. Weighted base helps prevent the container from tipping-over. Your choice of several colors to match interiors.

F SPARE WHEEL LOCK

Guard your spare tire and wheel with this heavy-duty lock. Available for all Jeep vehicle wheels and features tamper-proof key locking.

G JUNIOR WEST COAST MIRROR

All angle, 5¼" x 10½" mirror is easily installed. Finished in silver-grey paint to resist corrosion.

H OUTSIDE REAR VIEW MIRROR

Available on Cherokee, Wagoneer and Pickup models. Good-looking, chrome-plated mirror mounts on either the right or left door with an improved viewing area.

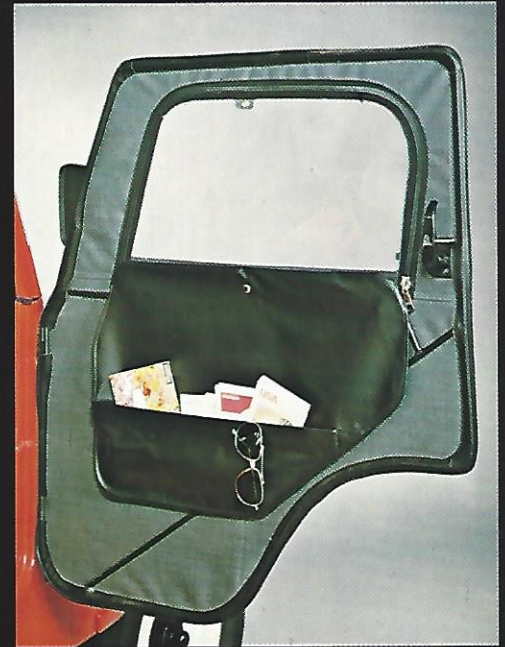

A

B

C

D

E

F

I TRIPOD SUPPORT MIRROR

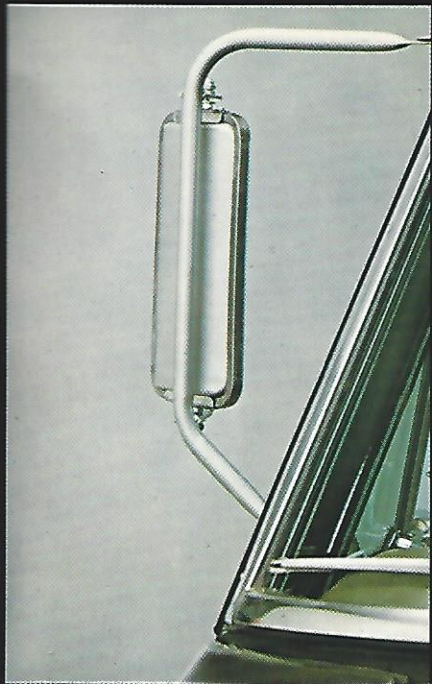

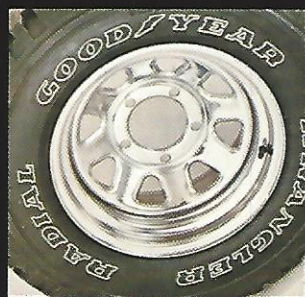

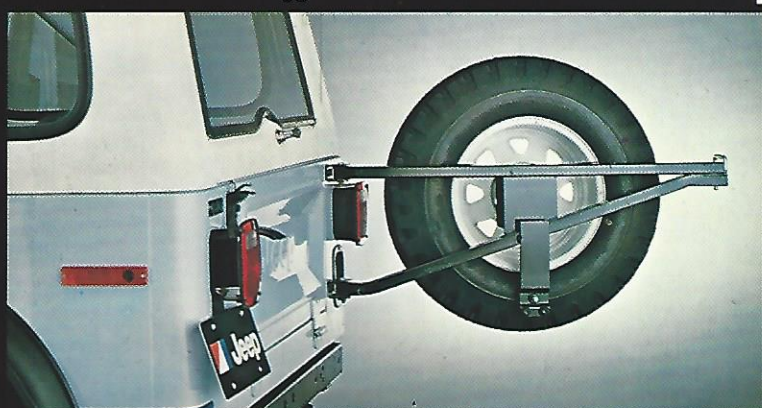

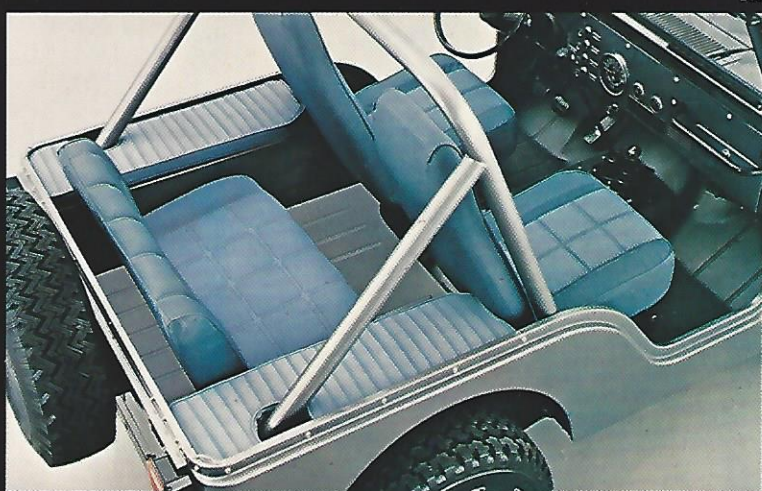

See much easier with this 6½" x 9½" mirror. Features vibration-free tripod mounting below eye-level for all Jeep models. Finished in bright chrome for smart looks.

MIRROR EXTENSION (not shown)

Double the use of your tripod type mirror for trailer hauling with these mirror extensions. They extend your mirrors four inches outward to improve rear viewing when towing camper bodies or a trailer.

J CHROME SLOTTED WHEEL, 7"

Finished in bright chrome for good looks and long-term beauty, this version of the slotted wheel offers the same durability and load-carrying versatility as the epoxy-finished wheel. Available in a six bolt version only.

**G****H****J****K****I****L****M****N****O****K SLOTTED WHEEL, 8"**

Designed and engineered for Jeep vehicles. Features eight-spoke design and mated wheel and disc for maximum load capacity. The wheel is finished in white epoxy. Available for CJ models in a five bolt pattern and wide wheel Cherokee and Pickup in a six bolt pattern.

L TIRE COVERS

Cover up the spare and add a customized touch to any Jeep vehicle. Available in black, blue, tan and white and with an Eagle design.

M SWING-OUT SPARE TIRE CARRIER

Features heavy-duty construction and a positive-closing latch. It allows more interior room for stowage space and doesn't interfere with the soft top in the "down" position. Available on all CJ models.

N INSIDE SPARE TIRE CARRIER

Custom designed spare tire carrier fits right inside a Cherokee or Wagoneer. Permits easy access to the spare tire and frees up the storage area for cargo.

O WHEELHOUSE PADS

Provide comfort and handsome finishing touch to CJ-5 and CJ-7. Rear seat passenger can enjoy the convenience of a comfortable arm rest. The Jeep vehicle owner enjoys the custom look. A snap to install. Available in black, blue or tan.

A RAMSEY ELECTRIC WINCH

8,000 lbs. of tough, reliable pulling power. Operates independently of vehicle's engine. Two models available—hawse-type fairlead and four-way roller fairlead. Each winch package includes 150 ft. of $\frac{5}{16}$ " galvanized, aircraft-type cable and connectors and a three-way remote control. Fits all Jeep vehicles with appropriate mounting kit.

B HIDDEN WINCH

8,000 lbs. of concealed pulling power. Includes 4-way roller fairlead and 10 foot remote control switch. Available for Cherokee, Wagoneer and Pickup. Frees up bumper area for other accessories.

C PORTABLE ELECTRIC WINCH

Designed for instant use on a front or rear trailer hitch ball with a hitch ball adapter. Features compact 8" x 11" x 10" size with 3,000 lbs. of pulling power. Includes 50 feet of $\frac{3}{16}$ " cable and hook and a hand crank for emergency use. Simple plug-in battery cable is included.

D LOAD BINDER

Easily installed in all Jeep Pickups without side rails. Designed to prevent damage due to shifting cargo. The chain has a vinyl sleeve to protect cargo, and the ratchet tightening device insures secure, quick tie down.

E SNATCH 'UM STRAP

30 ft. strap provides 20,000 lbs. of tensile strength for safety. Attaches directly to trailer hitch or frame member. Complete with handy carrying bag. A must for off-road or severe weather conditions.

F TOW HOOKS

Available in sets of two for all CJ models. Strong, sturdy construction. Front bumper mount gives hooks perfect access for towing or being towed.

G LUGGAGE RACK

When you run out of storage room inside, it's practical to take full advantage of the load bearing capabilities of your Cherokee or Wagoneer with this attractive and sturdy luggage rack. Made of a bright finish metal which provides good looks and corrosion resistance. Specially designed to hold the Luggage Carrier.

H LUGGAGE CARRIER

Fits into the Luggage Rack on Cherokee and Wagoneer. Waterproof vinyl cover over a hardboard floor and rugged frame provide extra capacity and protection for luggage or other cargo. Collapses easily for storage. Includes strong tie-down straps.

I REAR WINDOW AIR DEFLECTOR

Designed to direct a steady stream of air to help keep the rear window clean. Available on Cherokees and Wagoneers only. Good looking chrome with woodgrain trim. It can be used in conjunction with any luggage rack.

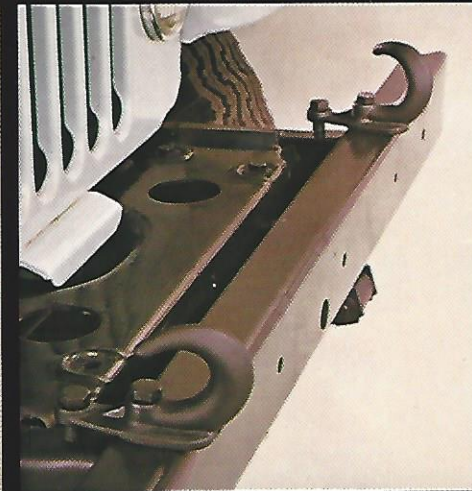

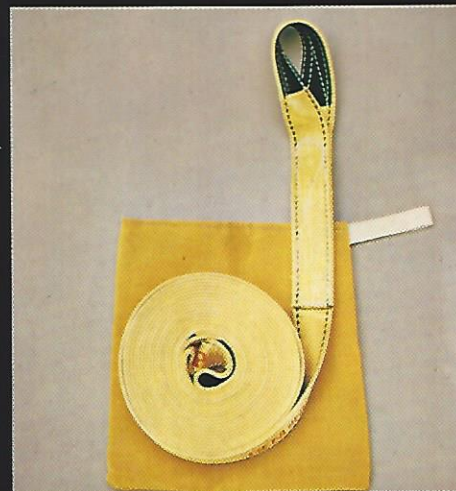

A

B

C

D

E

F

J SKI RACK

Convenient mounting to the existing roof rack on Cherokee and Wagoneer. Carries up to eight pairs of skis and poles. One ski rack carries two pairs of skis and poles. Luggage Rack will accommodate up to four ski racks. Security lock included.

K BIKE RACK

Allows luggage rack to be transformed into sturdy carrier for two bicycles. For all Cherokees and Wagoneers.

L PAINTED STEP BUMPER

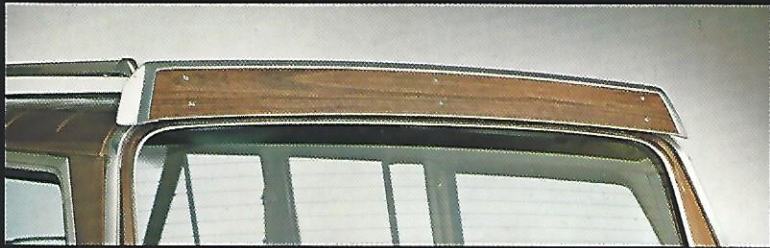

Give your Pickup a custom look with this painted bumper. Provides additional strength and collision damage protection, particularly where it wraps around the corners of the vehicle. Recessed draw bar is reinforced with 1" thick steel for greater pulling capacity and longer life. A built-in 6" step with non-skid strips helps provide safe footing. Baked epoxy finish helps guard against rust and corrosion.

O

P

M CHROME TRUCK RAILS

Add a bit of beauty and practicality to a Jeep Pickup box with these rails. Each rail is secured at four points by sturdy metal stanchions and provides an easy means for tying down cargo or tarpaulins. Available for all Jeep Pickups. (Cannot be installed with roll bar or load binder.)

N TAILGATE PROTECTOR

Available for all Pickups. Protects the top of the most frequently marred part of the truck. Covers up existing damage on older models. Adds a custom touch.

O CHROME-PLATED STEP BUMPER

Add more style to your Pickup with this one-piece, nickel-plated, rear bumper with a built-in stepping surface. It's actually a hitch, fabricated with provisions for a hitch ball which resists "ovaling" and thus provides greater pulling power. The chrome-plated bumper is free from corrosion-prone welds and seams. Black plastic end caps lend a finishing touch.

P RUNNING BOARDS

Functional and smart-looking. Constructed of bright-dipped anodized extruded aluminum for beauty and corrosion resistance. Strong mounting to vehicle. Includes splash guard extenders for front wheel. Protects vehicle from stones, mud and road oil. Makes for easy entry and exit. Available for Pickups and Cherokee Wide Track vehicles.

A HIGH BACK BUCKET SEATS

Add style and comfort to your Jeep CJ. Seats feature high back support and comfort you prefer for long periods at the wheel. Covered in a heavy duty, stain-resistant woven vinyl fabric for practicality and durability. Available for all CJ models.

B REAR SEAT

Distinctively styled and custom tailored rear seat accommodates two adults comfortably. Available on all CJ models.

C FLOOR CARPETING

Specially designed carpets add comfort and that finishing touch to your CJ. Helps deaden road noise. Can easily be removed and cleaned by scrubbing, vacuuming or hosing down. Resists fading and mildew. Available in brown and charcoal.

D FLOOR MATS

Long wearing, attractive floor mats protect your vehicle's floor and carpeting. Front mats feature a handsome carpeted insert, color keyed to match your vehicle's interior. Rear mats match color and are made of all rubber. Available in black, blue, russet or dark desert tan.

E WHEELHOUSE CARPETING

To be used in conjunction with the CJ floor carpeting. Finishes off the wheelhouse area nicely. Available in brown or charcoal.

F CARGO AREA CARPETING

Long wearing, snap-in cargo area carpeting for Cherokee and Wagoneer models. The carpeting is made of durable indoor-outdoor material and adds insulation to help reduce road noise. Available in charcoal only.

G FENDER EXTENSIONS

Protect fenders and body from road debris with these high-density plastic fender extensions. Available in a set of four for CJ models only, they are easy to install and add a customized look.

H BUMPER EXTENSIONS

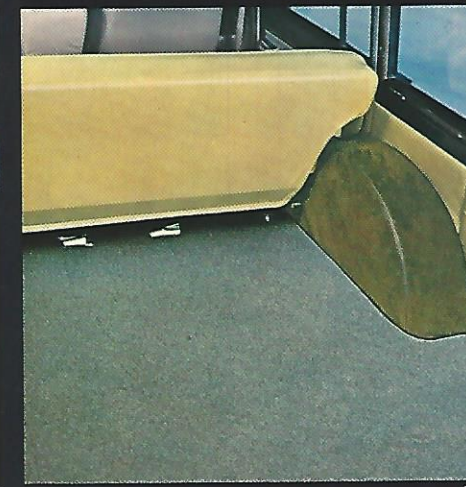

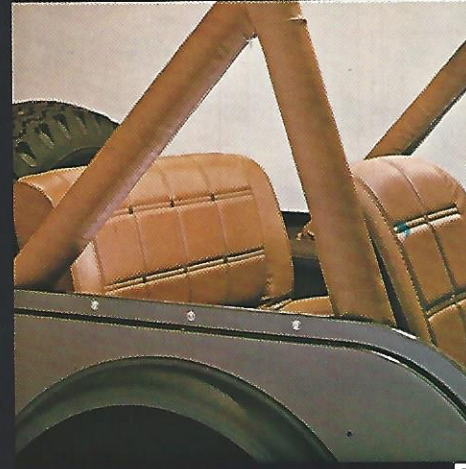

Additional fender and tire protection for all CJ's. They install in a jiffy and are made of strong forged steel. Painted black to match the original equipment bumper.

I BODYSIDE MOLDINGS

Available for all 1980 Pickups except Honcho, Golden Eagle and Laredo. Maintain door and fender sheet metal from dents and scrapes. Black only.

DECALS (not shown)

Several decal designs are available from your dealer. Personalize your Jeep vehicle with these complementing additions.

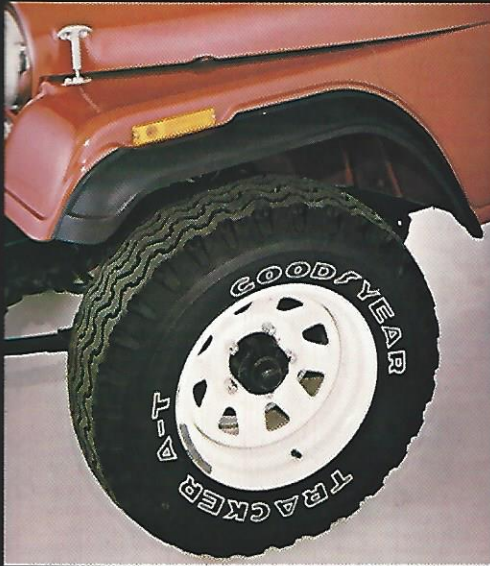

J DOOR EDGE GUARDS

Protect the doors of Cherokee, Wagoneer or Pickup from unsightly chips and nicks. They're easy to install and are a stylish addition to the doors. (Not available on CJ models.)

K BUMPER GUARDS

Provide additional front and rear protection for the bumpers from dents and scratches. Minimizes the chances of bumper override. Available in pairs for Cherokee, Wagoneer and Pickup.

G

H

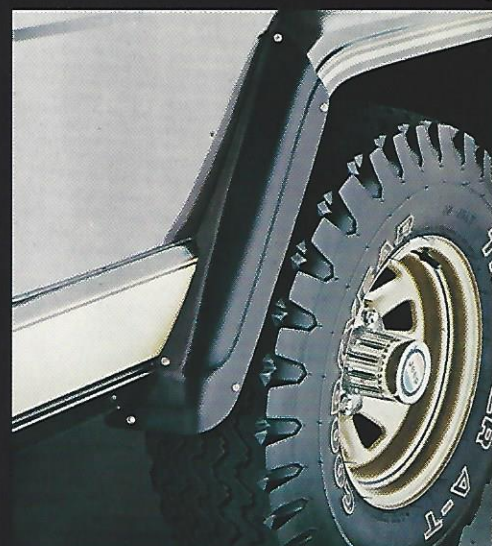

I

J

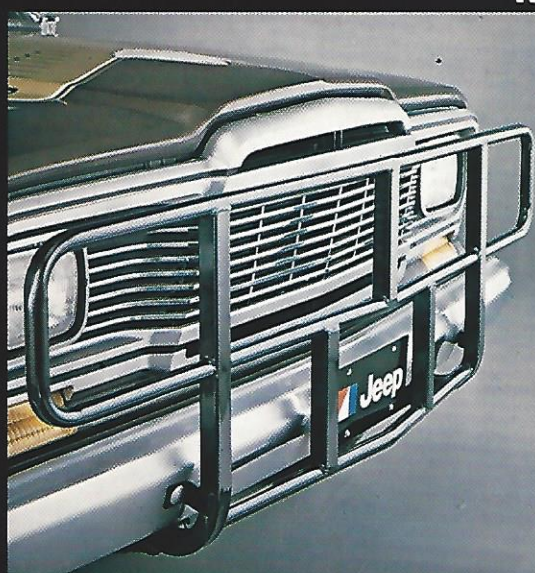

K

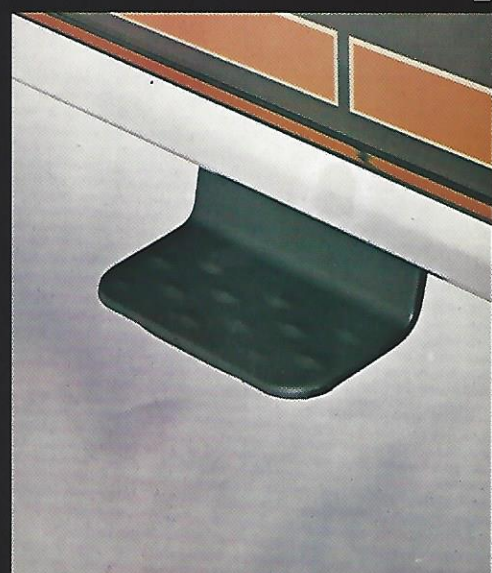

L

M

N

O

L CHIP GUARDS

Available in black or white for rear fenders of Jeep Pickups with Townside boxes. They protect against stone and gravel chips, sand-blasts and other road debris. Conform to the shape of the rear fenders and come in sets of two.

M SPLASH GUARDS

Jeep splash guards mount behind the wheels for body protection from mud and stones. Available in sets of two in white or black for all Jeep models except Wagoneer.

N BRUSH GUARD

Protects the vulnerable grille area of your Jeep Cherokee or Pickup when traveling off-road. Constructed of heavy gauge steel, mounted securely to the bumper and frame.

O SIDE STEPS

Provide a middle step between the CJ's floor and the ground for easier entry and exit. A snap to install. Steps are available in pairs and feature durable and sturdy all-steel construction.

A RADIATOR SCREEN

This rugged and specially designed screen gives added protection to the cooling system from flying debris on or off-road. Mounts easily to the radiator grille of all Jeep CJ models.

A

B

B FOG LIGHTS

For better vision in fog, driving rain or snow, add fog lights featuring iodine halogen lamps. They allow excellent light penetration—up to 500 feet with a wide angle 180° beam pattern. Protective covers included. (Consult state and local restrictions prior to the installation of any high intensity lights.)

C DRIVING LIGHTS

Dramatically improve visibility during nighttime off-road activities. These lights will illuminate an object up to 5,000 ft. ahead. Available for front bumper mounting on all Jeep vehicles, light bar mounting on all CJ's and roll bar mounting on Jeep Pick-ups. Protective covers included. (Consult state and local restrictions prior to the installation of any high intensity lights.)

C

D LIGHT BAR

Great mounting place for driving lights on a CJ. When windshield is folded forward, lights swing out in front of the driver.

D

E AIR OVERLOAD KIT

Provide increased spring rate capacity for vehicles equipped with a standard suspension and help cushion the springs for a more comfortable ride. Inflated with air, they increase traction, help prevent sway on curves and help reduce dipping during hard stops. Available in sets of two for all Jeep vehicles.

F TOW BAR

Available for all CJ models, the Tow Bar allows you to hitch the vehicle to either a 1 7/8" or 2" diameter hitch ball. Features heavy-duty steel construction and pivots out of the way with a positive latch to lock it in place.

HEAVY DUTY COOLING SYSTEM (not shown)

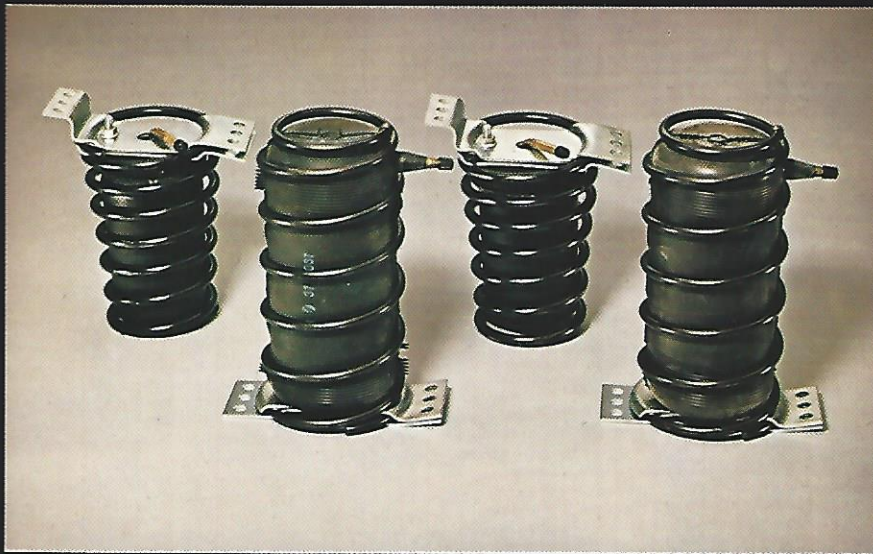

Required equipment for air conditioning, this system is suited for trailering and off-road activities. Features extra capacity radiator, high-air volume seven blade fan and radiator shroud. Available for all Jeep models.

G CLASS III RECEPTACLE

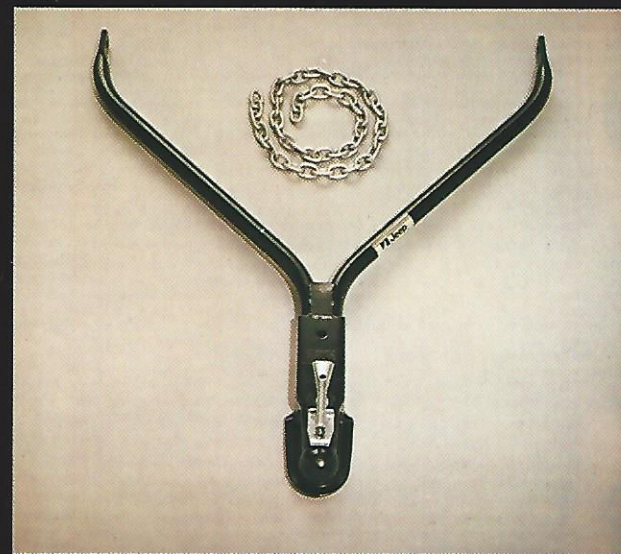

For applications that require big towing capacity, this equalizing hitch of all-welded construction is available for Jeep Wagoneer and Cherokee. Specially designed, it provides improved weight distribution with trailer loads up to 7,500 lbs., when used with equalizing equipment.

H DRAW BAR

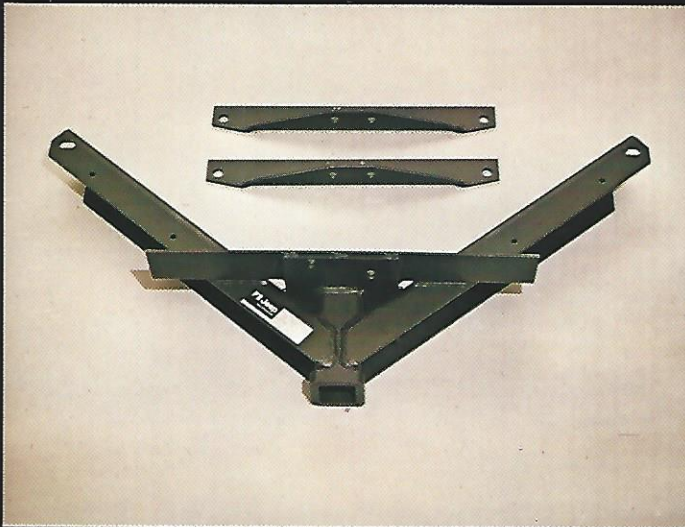

Equip your CJ for trailer hauling with this specially designed draw bar. Has the equivalent strength of a Class I Hitch system. Draw bar mounts in the rear. Heavy duty spring and shock absorbers are recommended. Available on all CJ models.

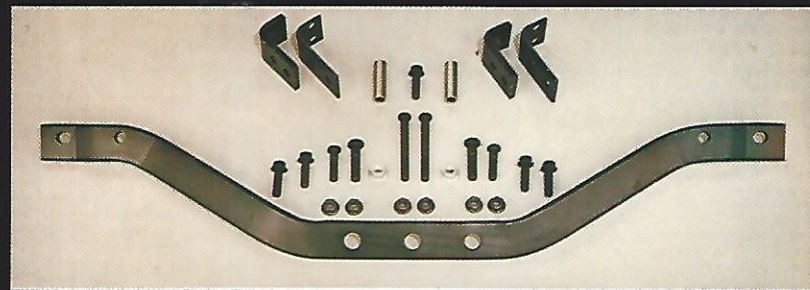

E

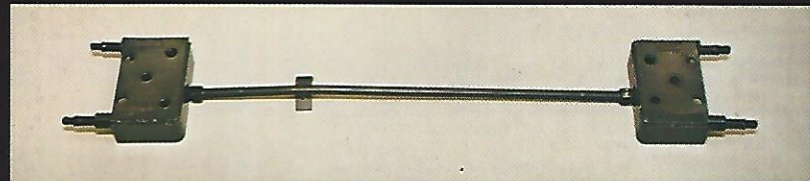

F

G

H

I

J

K

TRUSS KIT

Designed and engineered to Jeep specifications. Reduces front end wear and bolsters front axle rigidity. Does not affect handling or ride. Available for all Jeep CJ models. Front Stabilizer Bar also available.

HITCH BALLS

For secure trailering, these hitch balls are made of forged and machined cold drawn steel and finished in chrome. A $\frac{3}{4}$ " shank is available, designed for trailer weights up to 3,500 lbs. A 1" shank diameter is also available. $1\frac{7}{8}$ " and 2" hitch ball sizes are available for Class II hitch applications. For all Jeep vehicles.

Note: All 1980 Jeep vehicles equipped with automatic transmissions and heavy-duty trailer hitches require an additional transmission cooler package.

CLASS II HITCH

Ideal for boat trailers, tent trailers, utility or tandem axle trailers up to 3,500 lbs. and with tongue weights of up to 350 lbs. Features heavy-duty construction from cold drawn steel with a $\frac{3}{4}$ " pre-drilled tongue for a Class II ball hitch.

A SAFARI SOFT TOP

Custom good looks, added rear visibility and sturdy construction combined in a popular CJ accessory. Features heat-sealed seams with heavy, clear vinyl windows that resist cracking or clouding. The sturdy, $\frac{3}{8}$ " steel door frames have cadmium or zinc plated hardware, extra reinforced snaps and attached curtain straps. The top is fully removable and available for all CJ models in a choice of black, white, blue and tan.

B SKYVIEWER SOFT TOP

Offers the same rugged construction and features as the Safari Soft Top with the addition of an 18" x 30" roof window to let the sunshine in. The roof window is tinted to reduce glare and heat. Available for all CJ's in black, white, blue and tan.

C TOP BOOT

Protects and stores your soft top and vinyl windows when in a rolled down position. Lends a neat, finished look to the CJ and keeps the top handy in case of a sudden downpour. Available in colors to complement your soft top.

D SUN BONNET

Provides quick protection from sun and rain. Secures quickly to the roll-bar and includes a tension strap to help eliminate "billowing" in the wind. Proven in off-road competition. Available for CJ-5 and CJ-7.

E STANDARD M3 CAB

The Standard M3 metal cab gives additional protection from rain, snow and cold to passengers and cargo. Design features rounded corners, one-piece roof and high-luster, durable finish. Locking chrome door and liftgate handles provide easy access and a measure of security. Requires front stabilizer bar. Not available for CJ-7.

STANDARD CAB WITH VERTICAL REAR DOOR (not shown)

The Standard metal cab is also available with a full-length vertical rear door for easy access to the rear compartment on your CJ-5. (Not available on CJ-7.) Includes the same design features as the M3 Cab and requires a front stabilizer bar.

F DELUXE M3 CAB

Features same design as standard cab, but with finished headlining, dome light, crank and gear-operated windows that lower completely into the door panel and full tailgate freedom for easy loading and unloading. Also provides additional rear vision. Deluxe M3 Cabs are available only on CJ-5 models equipped with a front stabilizer bar.

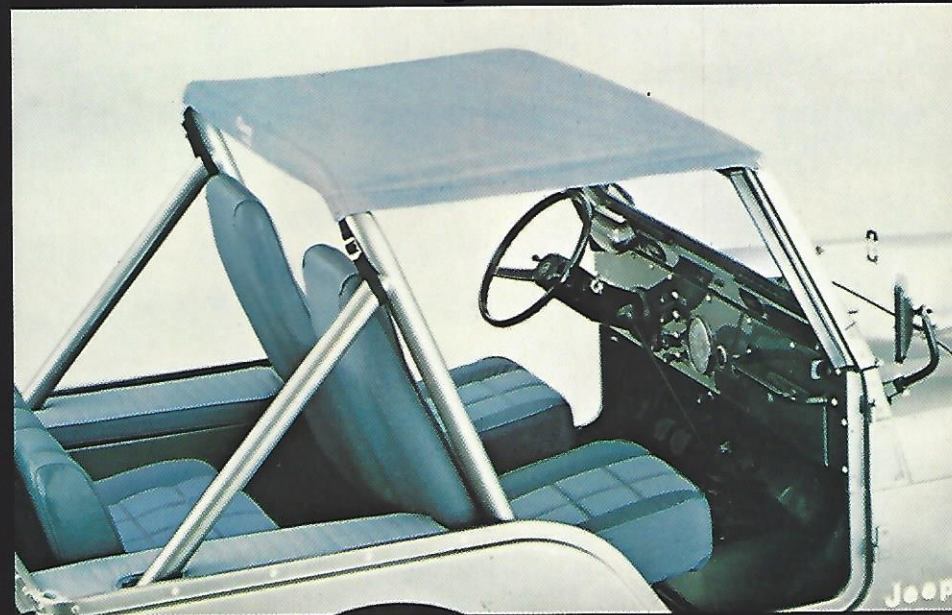

A

B

C

D

G TRUCK CAP

Sturdy cap provides all-weather protection for cargo. Features reinforced light weight construction, tinted safety glass, lockable sliding side window and rear door. Available in white, with optional sliding front window, this superb quality cap will fit all Jeep Pickups.

H VENT SHADES

Available on Pickup, Cherokee and Wagoneer. Allow you to keep your windows open for fresh air even when it's raining. Also help to keep vehicles cool while parked.

I SLIDING REAR WINDOW

Specially designed to fit all Jeep Pickups. Promotes in-cab ventilation. Includes security lock mechanism and tempered safety glass.

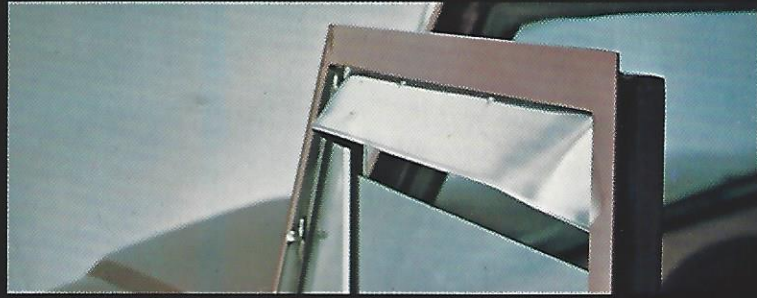

E

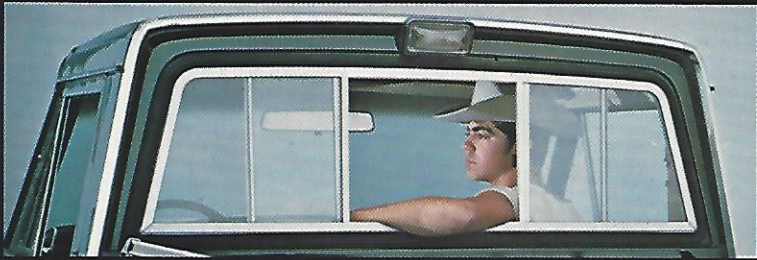

F

G

H

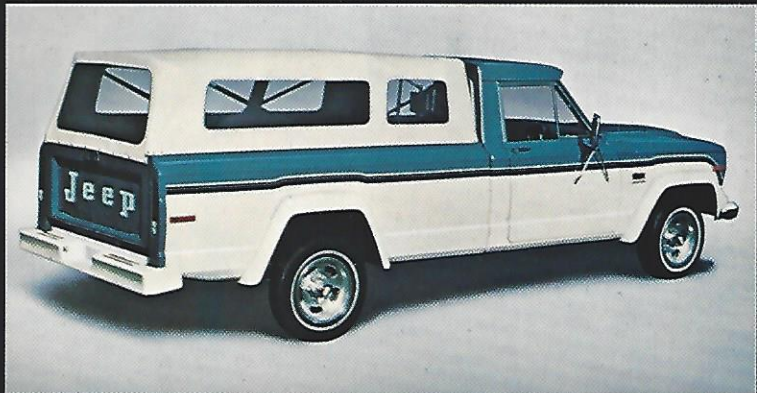

I

J

K

L

J PORTABLE AIR COMPRESSOR

Have the security of knowing instant air pressure is available at any time. Plugs into cigarette lighter. Also ideal for recreational inflatables.

K TONNEAU COVER

Gives a neat, clean appearance to the Pickup box. Constructed of tough vinyl-coated fabric. Snaps on with ease and provides complete cargo protection. Available in black for either 7 ft. or 8 ft. boxes. Also available for boxes with truck rails or roll-bars. Available for either 7 ft. or 8 ft. Townside boxes.

L TRUCK TOPPER

Convertible fabric topper adds all weather protection for cargo and provides plenty of headroom (up to 45") when used for camping. Zippered roll-up curtains with ventilation screens included. When not in use, topper folds out of the way. Comes in white only and is available on 7 ft. and 8 ft. Townside boxes.

A SNOW PLOWS

The only snow plows authorized to be used on Jeep vehicles. Each snow plow mount is custom designed to match each Jeep vehicle—providing the best weight distribution and maximum pushing power for every unit.

B HEAVY DUTY SHOCKS

Trail Tamer Heavy Duty Shocks provide stable performance and better handling control on and off-road. Features include a resistance welded upper mounting to withstand 5,000 lbs. of force, multi-lip seal for low friction and wear, double the piston damping area and an arc-welded lower mount for maximum strength. Available for front and rear on all late model Jeep vehicles.

C HELPER SPRINGS

Factory engineered heavy duty springs increase your load carrying capacity and help prevent rear end sag. Also improve traction and stability and are available for Pickup models.

D HAND HELD SEARCH LIGHT

Plugs into the cigarette lighter for instant illumination. Includes a twelve foot heavy-duty cord for convenience.

E MINI SPREADER

A lightweight, 600 lb. capacity, polyethylene mini spreader is available on all Jeep Pickup and CJ models. Adjustable control lets you spread dry rock salt in a path from 3 to 30 feet. Side mounted spare and draw bar are required for installation on Jeep Truck and CJ models.

F STEERING STABILIZER

The Jeep engineered steering stabilizer kit improves driver control in on and off-road conditions. Heavy steel tube construction with hydraulic fluid provides quick response in all temperatures. The kit comes complete with steel mounting brackets and all necessary hardware. Fits CJ only.

G FIRE EXTINGUISHER

Discharges dry chemicals to smother all classes of fires. It's rechargeable and stores in a minimum of space. Includes mounting bracket.

H CRUISE CONTROL

Mounted conveniently on the turn signal stalk, cruise control will keep your vehicle at the speed you select over 30 m.p.h. A very comfortable way to travel on freeways. Also helps save gas. Available on all Jeep vehicles except CJ.

I TOOL KIT

Fitted leather-like case holds Swiss Army Knife, Duct Tape, Fuse and Bulb Pack, Power Track Pliers, Flares, Emergency Flag, Adjustable Wrench, Flashlight/Emergency Light, Four Way Screwdriver, 12 Volt Trouble Light/Flasher Light. For home and highway.

J AUTOMATIC HUBS

Never switch another hub control. Just shift your transfer case into four-wheel drive and these hubs automatically engage the front axle and drive train. Available for new and earlier models of Jeep vehicles, not available for vehicles equipped with Quadra-Trac® full-time four-wheel drive system. Manual hubs are available for all years of Jeep vehicles except those with Quadra-Trac®.

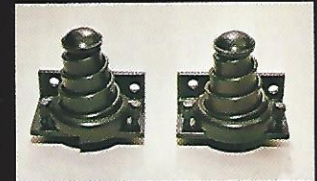

A

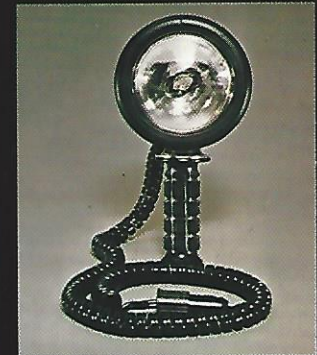

B

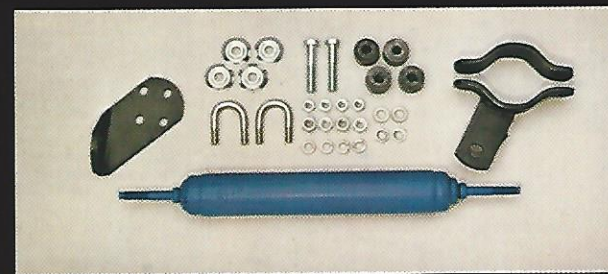

E

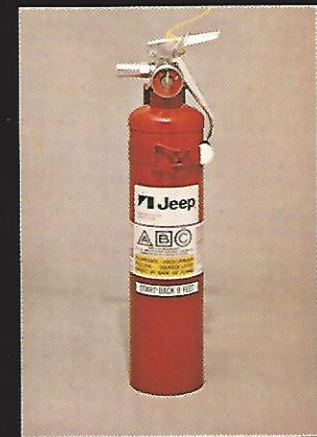

C

D

F

G

HUB SERVICE KIT (not shown)

Great help for the do-it-yourselfer. This kit gives you all the gaskets, o-rings and washers needed to reinstall one set of hubs.

K ASSIST HANDLE

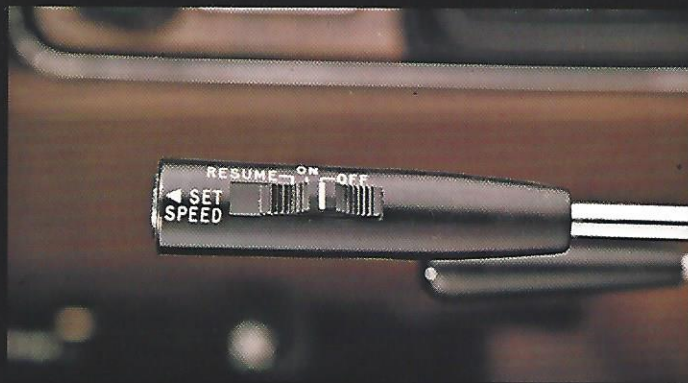

Passenger "hang on" protection while getting in and out or traveling off-road. Available for CJ only.

L ENGINE BLOCK HEATER

Can be plugged in to any 110 volt electrical outlet to maintain a higher coolant temperature in cold climate. Reduces battery drain and engine wear by helping engine turn over quicker on cold mornings.

M COMPASS

For all Jeep vehicles. Features adhesive backing for mounting anywhere. Also includes compensating magnets to offset your vehicle's own magnetic field.

O

P

Q

N LIMITED MAINTENANCE BATTERIES

Factory approved for all Jeep vehicles. Features more starting power for good cranking performance. Batteries are available for all 1979-80 applications in 45 Amps (24-440 cold crank amps), 54 Amps (55-380 cold crank amps) and 80 Amp (56-450 cold crank amps). The 80 Amp is also available for earlier models of Jeep vehicles. (Specifications and features may vary in Canada.)

O LICENSE PLATE FRAME

Constructed of hardened plastic to resist corrosion. Prevents license plate from bending and lends neat look. For all models.

P, Q CHILD/INFANT CARRIER

Separate seat available for infants (up to 20 lbs.) and toddlers (20 to 50 lbs.) Made of cushioned high impact plastic. Infant carrier doubles as baby basket. (Seat belt not shown. Seat belt required for usage.)
